

BABSON DISCUSSES BUSINESS

(Exclusive NEWS Feature)

I am convinced that the present figures on unemployment are very misleading. With retail sales holding up reasonably well, these figures surely are not due to any so-called "Business Depression." The public must learn that we can now have both unemployment and reasonable prosperity at the same time.

VITAMIN PILLS AND GOVERNMENT FIGURES

The basic reasons for the present number of unemployed are: (1) our increased population; (2) the large number of women employed; and (3) the constantly increasing number of able-bodied persons over 65 years of age. It can honestly be said that many in this older-age group are listed in the "unemployed" category who would not have been so classified some years ago. The vitamin pills taken by older people undoubtedly keep them in the "employable" ranks longer. There are about 7,000,000 more of these people now than there were 25 years ago!

The constant introduction of new automatic machinery results in both unemployment and continued prosperity. One of my associates just visited a chemical plant where three men are now doing the work of eighty men. Fertilizing plowed fields has been done by hauling fertilizer in bags to the field, opening the bags and sprinkling the fertilizer by hand. Now an airplane loads with fertilizer at the factory and carries it in bulk to the fields, where it is sprayed on the ground from the air. No manual labor, no bags, and better results.

OFFSETTING HIGH LABOR COSTS

The rapid increase in self-service stores and coin machines is another illustration of how greater sales are handled with fewer clerks. This also reduces chances of loss to the stores from dishonest clerks who do not ring up sales properly. The practice followed by most

Hundreds Gather To Pay Homage To Monsignor O'Gorman

REV. OSCAR O'GORMAN

The Town Hall was filled to overflowing Monday evening when an estimated crowd of 1200-1400 persons gathered for the occasion of the reception to Monsignor Oscar R. O'Gorman, pastor of Saint

Agnes Church. The Monsignor was elevated to the rank of Domestic Prelate on February 22.

A grand march began the ceremonies at 8 o'clock, followed by speeches of tribute by Town Manager Edward C. Monahan, Mr. William J. Toomey, President of St. Agnes Council of Catholic Men and Mrs. Joseph Lavery, President of St. Agnes Council of Catholic Women.

Monsignor O'Gorman was praised for his extraordinary priestly character and for his tireless and zealous work on behalf of the parishioners of St. Agnes.

The festivities included musical selections by well-known entertainers and by the Choirs of St. Agnes Parish.

Mr. Lawrence Brooks, baritone, the original tenor lead in the successful Broadway play, "Song of Norway," delighted the audience with several numbers. Ken Wilson and Bill Greene provided organ and piano music. Other selections were rendered by an imported vocal group.

WILL GIVE SALK TEST FOR POLIO IN LOCAL SCHOOLS

First Three Grades Will Be Inoculated With Parent's Consent

Accident Fatal To Local Woman

An elderly woman was killed instantly Friday night when she was struck by a car on Massachusetts avenue.

Mrs. Honora Looney, aged 73, of 258 Mass. avenue was pronounced dead at the scene of the accident by Dr. David Casey.

The automobile which struck Mrs. Looney was bearing a New Hampshire registration plate. Police said that it was owned and operated by Harold E. Smith of 725 Highland avenue, Westfield, New Jersey. His temporary address is 108 Lord Hall, Hanover, New Hampshire.

The accident occurred in front of number 252 Mass. avenue. Mrs. Looney was struck as she walked on the right hand side of the inbound M. T. A. tracks. The car was travelling east on Mass. avenue.

Youngsters in the first three grades of the Arlington public and parochial schools have been chosen to undergo the famous Salk test to determine if a new vaccine will wipe out infantile paralysis. This announcement was made by the Board of Health following a meeting with State and national officials at the library Wednesday evening.

Each youngster who attends an Arlington school for the first three grades will receive a form to take home to his parents. Only when the form is signed by the parent and returned to the school can the test be made.

A meeting of J. Philip Bower of the board of health, Town Manager Edward C. Monahan, and Superintendent of Schools Clifford Hall followed an open meeting at the Robbins Library, at which it was announced that Arlington would take part in the test.

Some of the youngsters in the first three grades will be inoculated with a special vaccine. Others will receive an injection of a watery, non-effective vaccine. In this manner, officials will be able to determine if the vaccine has an effect on controlling polio.

Children in the first three grades were selected because they are in an age group most susceptible to polio. Local physicians will give the vaccine. The entire program is under the direction of the National Foundation for Infantile Paralysis.

Representing the state board of health Wednesday evening was Dr. Dunham, while Thomas Stotler represented the national foundation.

Members of the school board, selectmen, visiting nurses, the local chapter of the March of Dimes, and officers of parent teachers association were at the meeting.

No announcement was made as to just when the test will begin in the Arlington schools.

As three separate injections are necessary and are spread out over a three week period, it is hoped the local program can be started soon.

The first safe driver selected in the Safe Driving campaign conducted locally by the Mirak Chevrolet company in conjunction with the Registry of Motor Vehicles is shown with John P. Mirak, company president, and Chief of Police Archie Bullock. He is Manuel Santos of South Dartmouth, an employee of the Ring Sanitarium. Two others were selected in Arlington. Grand prize is a new 1954 Chevrolet for the driver selected most courteous in the area.

To Light Municipal Parking Lot

A plan to erect signs pointing to the Municipal Parking lot, and to light the parking lot at night was advanced by the Board of Selectmen this week.

A survey will be made to ascertain the cost of lighting the area, and also to erect a large identification sign on the property.

At the same time, signs will be erected to show the easiest access to the parking lot, to enable visitors to the town to make use of the facilities.

The Selectmen will await a study of the costs before giving final approval to the plan to light the area at night.

It is felt that by lighting the area, its use at night will be increased.

WILLIAM H. KUHN

Funeral services for William H. Kuhn were held Wednesday morning with high mass of requiem at St. Agnes Church at 9:00 o'clock. Mr. Kuhn died here on April 26th. He made his home at 11 Devereaux street. He is survived by his wife, Mrs. Cecelia (Mawn) Kuhn.

Heir Seeks To Buy Back Property

Town Treasurer J. Wilbert Anderson has received a request from the heir of a local estate to permit purchase of a large plot of land taken by tax title in 1931. If the plan is carried out, the town will receive \$21,500 in back taxes and interest.

The land is known as Cutler's Pastures off Hutchinson road, near the Winchester line. It was taken for taxes in 1931. The area contains 873,000 square feet.

The request for re-purchase was made by Lillian M. Grace of Somerville.

In connection with the usual policy in such cases, the Selectmen voted to allow the purchase, providing that the petitioner was proven to be the rightful heir to the property.

Playgrounds To Be Inspected Daily

Daily inspections and reports covering all playgrounds in the Town are being employed again this year in an effort to curb the vandalism in these areas.

The inspections were put into effect as a result of damages done to several playgrounds during the past week.

In the rear of Dr. Shea's house, at the Cemetery Playground, the players' bench was uprooted, a number of swings were damaged and the recently repaired fence was damaged. At the Thorndike street playground, a manhole cover was taken off and thrown aside.

Driving Campaign which lasts until early June.

One Chevrolet will be given away to the safest, most courteous driver in the entire campaign. The other Chevrolet will be given away to someone who visits the dealership of a member of the Chevrolet Dealers Association and picks up a copy of "Courtesy Behind the Wheel" and registers for a chance to win a new Chevrolet.

Copies of the Registry-written "Courtesy Behind the Wheel" may be picked up at Mirak Chevrolet at any time until early June. When you pick up your copy of "Courtesy Behind the Wheel" be sure to register for your chance to win a new 1954 4-door Chevrolet.

Among the Safe, Courteous Driving rules made by Registrar of Motor Vehicles Rudolph F. King are the following:

1. Regulate speeds according to conditions of the highway, traffic, visibility and the weather.
2. Observe all signs, signals, and warning devices.

2. Be alert for Highway Traffic hazards.

Car, Bike Collision Injures Youngster

An Arlington youth was injured Wednesday as a result of a collision involving a bicycle and an automobile.

Walter Barnes, aged 10, of 31 Fordham street was cycling in a westerly direction on the Mystic Valley Parkway, opposite number 129 Decatur street, when he collided with a sedan going in the same direction.

The boy was taken to Symmes Hospital, where he was treated for possible head injuries.

Police said that the sedan was owned and operated by Robert Simpson of 3 West street, Arlington.

TOWN HALL Press Conference

Last week the Selectmen met on Wednesday evening, due to the holiday, and this week the session was held on Tuesday. However, the board hopes to get back to a regular schedule next Monday.

The Selectmen at Tuesday's session voted to petition the finance committee to transfer \$300 for the hire of extra clerical help in the office of the Town Accountant. That office has been transferring from hand to mechanical bookkeeping.

The Arlington Emblem Club is planning a May Queen contest at their affair on May 22, and have asked the Selectmen to name one of their number as a judge. At the present time, it is undecided as to whether Mr. Hurd or chairman Harris will accept the assignment.

The Selectmen met with the Veteran's Military Committee to discuss tentative plans for the annual observance of Memorial Day. Later the committee held a lengthy session in the Manager's office.

The Board of Selectmen will attend the spring meeting of the Middlesex County Selectmen's Association at Maynard shortly. The last session of the association was in Arlington.

Town Manager Monahan and Town Engineer Keane met with the County Commissioners at their offices in East Cambridge this week to discuss Chapter 90 work in Arlington. The state meets one half of the cost and the county and the town split the remaining costs under this plan. Scheduled for reconstruction in Arlington are Appleton and Forest streets.

The office of Town Treasurer J. Wilbert Anderson will be located downstairs on the first floor on the right hand side of the entrance starting Friday. The office has been completely modernized and redecorated. The move is part of the manager's overall plan for more efficient use of town facilities.

Permission was granted to authorities of the Little League to hold a Tag Day on May 6, 7, and 8 to raise funds for the support of the campaign this year. The tag day sale will be from 4:30 to 9:00 on the first two days, and from 9:00 a.m. to 4:30 p.m. on May 8.

Girl Scout Notes

A gay evening of square dancing highlighted vacation week on last Thursday evening for a large section of Arlington's teen-agers. The Junior High School Girl Scout Troops, with Boy Scouts as their guests, converted the hall of the Park Avenue Congregational Church into a country setting, complete with scare-crows. Mr. Dudley Briggs of Burlington acted as caller.

Mrs. Frank Lincoln and her committee of leaders of the Junior High Troops were delighted with the success of the evening. A coke bar and cookies featured the refreshment period. To satisfy all tastes, ballroom dancing was also enjoyed. The girls of Troop No. 11, Mrs. Lincoln's Troop, proudly wore the brightly colored skirts they had made, as a sewing badge project.

Many of the girls attending were also present this week at the Juliette Low party at First Baptist Church Hall on Tuesday afternoon. This annual party which honors the founder of Girl Scouts brings together a representative of every Brownie and Girl Scout Troop in Arlington. They bring to the party the pennies which have been donated by the girls in their troops. The number of pennies, this year, was based on seven times each girl's shoe size. This money is sent to the International Friendship Fund.

Miss Nellie Hayse, a student at Wellesley College and a recipient of a Juliette Low Award last summer, will tell the girls about her experiences camping in England. An interesting local note is added by the fact that Miss Hayse is the roommate of Miss Victoria Bradford, daughter of Mr. and Mrs. Mark W. Bradford of Arlington.

Junior Tennis League To Get Underway Very Soon

When the ground has thawed out and last year's leaves have been swept from the tennis courts in this part of the country, New England tennis will get its biggest boost in many a season. For warm air and sunshine, and nets, stretching from post to post, will be the signal for the New England Junior Tennis League (NEJTL) program to get underway in full force.

Sanctioned by the N. E. Lawn Tennis Association and sponsored by the N. E. Tennis Patrons, the boys' league idea gained a foothold last summer and has since mushroomed to gigantic proportions, through the active support of many persons interested in making the program a success. Already the 20-odd teams of 1953 have increased to well over 100, and more teams are being formed almost daily. If any conclusion can be drawn from the enthusiasm of the youngsters who took part in the early stages of the League, it is that tennis hereabouts will soon become a major sport.

The basic idea behind the program is to give any boy who wants to play tennis the opportunity to do so. He need never have played before, though any tennis-knowledge he may have will of course be of value. "Give a boy a tennis-racket, some balls, and an eager opponent," says Jack Kramer, world's professional champion, "and his will to win will do the work." Last year several boys who were absolute beginners gave ample proof to this theory when they improved to such an extent that they should be well in line for a New England Junior or Boys' ranking (under 18 and 15, respectively) by the end of the 1954 season. For those who cannot afford to buy rackets at all, the NEJTL is setting up a pool of unbroken and usable rackets contributed to it (and if there are any in your closet you would like to donate, why not send them COD to Blair Hawley, Ledgewood road, Winchester, Mass.; head of the program. He will gratefully pay the cost of mailing). In addition, sporting-good manufacturers have promised to give the program a boost by making a number of rackets available at a special price to deserving youngsters who want to buy their own.

The League is open to all boys whose year of birth is 1938 or later. Team matches are played about once a week, and include 5 singles and 2 doubles matches. Teams may represent towns, YMCA's, districts, clubs, or any other interested groups. There is no team entry fee; on the contrary, one dozen balls will be given each new team entering the NEJTL. The rosters of teams now in the League average 15 boys—as long as enough players are available for every match (a minimum of 5), that number can be even smaller. Each team is placed under the watchful eye of an adult supervisor who, together with a Team Captain, has the duties of reporting scores, arranging transportation, notifying players, etc. For trips, a transportation pool can be formed with whose aid expenses are kept at a minimum.

A handsome League emblem is given to all boys who compete in at least 4 matches, and teams winning sectional championships will receive special awards. Every match, also, will count towards a possible New England tennis ranking. In August each section will send, all expenses paid, a selected All-Star squad of 12 players to the Wright Cup Matches at Dartmouth College. Furthermore, it is hoped that free passes to the National Doubles Championships at Longwood Cricket Club can be given to all NEJTL players who wish to make use of them.

If you are either a boy interested in joining the League—and remember that you can do so at practically no cost, and without previous experience—or a person who would like to become an adult supervisor in your area, a rewarding task which requires very little time, get in touch with Blair Hawley, Ledgewood road, Winchester, Mass., for information. This is the biggest thing that has happened in tennis in years, so get in on the ground floor and help

to make the NEJTL a success. Others interested in the program are invited to send a contribution, large or small, to the New England Tennis Patrons (Donald Hill, Treasurer, 7 Water street, Boston). Who knows—from your group might well come the champions of tomorrow.

Three Injured In Two Collisions

Two rear end collisions caused injuries to three persons here Saturday.

Injured were Mrs. Mildred F. O'Sullivan, 125 Pleasant street, back and shoulder injuries; Miss Shirley Cram, 162 Summer street, injuries to forehead and left knee and Mrs. Rose S. Elliott, 58 Ronald road, who complained of being shaken up.

Mrs. O'Sullivan was injured when the car which she was driving was struck in the rear by a coupe which police said was owned and operated by Laurel G. Williams of 7 Fidelity Way, Brighton.

Mrs. O'Sullivan was operating her car on Pleasant street, in the direction of Arlington Center and was about to make a left turn into her driveway when she was struck.

The other collision occurred in front of number 121 Summer street. Russell Elliott of 58 Ronald road was operating a sedan owned by Willis L. Elliott of the same address. He was struck in the rear by a sedan reportedly owned and operated by William H. Cram, 36 Fairmont avenue, Somerville.

Considerable damage was done to Cram's car, only slight damage to Elliott's car.

Selectmen List Many Improvements; Plan More

An announcement, made this week by the Chairman of the Board of Selectmen, George A. Harris, indicates many civic improvements had been made in the past year and further changes along the same lines will continue to occupy some of the time of the Selectmen.

"With the ending of Town Meetings and the announcement of a \$3.20 cut in the tax rate," stated Mr. Harris, "The Board will be able to continue its policy of improvements of all types sought by individuals and groups from officials of the Town."

"Because town managership centralizes authority, the Board of Selectmen can effectively adopt policies, which when put into operation, lead to economies, efficiencies, better government and a satisfied citizenry."

"This year's five-man Board will continue to bring into Board meetings the individual ideas of each member, discuss them, and, in many instances, adopt methods, through the Town Manager, which will lower the cost of the Town," Mr. Harris continued.

As a new member of the Board last year, Mr. Harris introduced a new section to the agenda of Selectmen's meetings, in that each Selectman was encouraged to offer for discussion many of the thoughts of citizens as expressed to them. Ideas of the individual Selectmen, gathered by them in their years of civic work before they were elected to the high office, are now brought into open discussion and are recorded and followed through to successful conclusions.

Among the many items discussed in recent months are: changes in the Town Manager Act to better it; traffic situations in all parts of the Town and their betterment; the Pleasant Street - Massachusetts avenue crossover for traffic; meetings with Selectmen of adjacent communities in common problems; suggestion boxes for ideas of town

employees in helping to gain further economies and efficiencies; checking of auto dealers' places of business for cleanliness and safety; and any number of like suggestions.

A prime example was the introduction into a Selectmen's meeting of the hazard in East Arlington on the Turnpike where deep pits of water could take the life of a child. Last week, Town Manager Monahan, augmented the idea by writing to the land owner asking him to fill in the pits.

Several undercover investigations by police were instituted through Chief Archie F. Bullock with excellent results. One of prime importance is well underway and when completed will be announced by the Board of Selectmen with its results.

"The only way to get good government is to work for it," stated Chairman Harris, "And in cooperation with Messrs. Sorensen, Hurd, Greeley and Rawson, the citizens can be assured we all are working at it."

Girl Scouts Visit State House

As the climax of their study for the Good Government badge, a group of Girl Scouts from Troop 61 were taken on a visit to the State House Thursday afternoon. They were accompanied by Mrs. Harold Holbrook and Mrs. Malcolm Masters, both members of the League of Women Voters.

Mrs. Masters, co-chairman of the League's Voters Service committee, has been giving the Scouts instruction in practical government procedures. The girls have also had opportunities to talk with the Town Clerk, Mr. James J. Golden, to observe actual voting procedures, and to assist on the Voters' Information booth.

The trip to the State House was arranged with the assistance of Representative Hollis Gott of Arlington. He met the Scouts, took them on a tour of the State House and then had them introduced from the visitors' gallery, where they observed a regular session of the Legislature.

The following Girl Scouts participated in this trip: Judith Bradley, Linda Currier, Jean Dannenberg, Linda Flores, Theresa Kiernan, Nancy McGurl, Maureen O'Connor, Barbara Simpson, Kathy Warren, and Jane Zappone.

Scout Notes

A Troop Leaders' Council or Training Course for Jr. Leaders was held on Saturday, April 24, at the First Parish Church. An all day session dealt with the Junior Leader and his job, Patrol Organization, Meetings, Instruction in Crafts and Stunts as well as for hikes and camps. Fifty junior scout leaders representing Troops 6, 7, 8, 10, 13, 41, and 85 participated. Under the General Chairmanship of the District Leadership Training Chairman, Jim Rourke and with special trainers in numerous angles of Scouting, much ground was covered. Sackem Council's Chief Executive, Howard Butler, opened the morning program promptly at nine o'clock with a brief inspirational talk on the purpose of the Course followed by an introduction of Course leaders by Jim Rourke. All scouts took cover promptly and efficiently as required during the Civil Defense air raid drill. The organization of troop training was then considered with a special emphasis on the duties of the Sr. Patrol Leaders. Patrol meetings and the function of the Scoutmaster, troop assembly, the functions of the Jr. Assistant Scoutmasters, Scribes and Patrol Leaders together with Sr. Patrol leaders were then considered. Games, patrol scoutcraft projects, including the use of the compass, measuring and the use of the Geological survey map came along in order followed by scoutcraft games and lunch. After lunch various discussion groups, demonstration of First Aid, and explanation of explorer scouting in the troop, and a demonstration of knots and lashings followed in quick order. The afternoon program was climaxed by a troop rally or campfire involving patrol stunts, a staff, stunt, and participation awards. Scouts assisting in the course were: Horace Homer from the District, Bill Doherty, Troop 7, Herky Foster, from Headquarters, Marshall Newton, Troop 8, Edward Walker, Troop 10, Hillery McMahon, Troop 7, Fred Kellet, Troop 10, Robert Lewis, Troop 6, Charles Clark, District, Charles Ashley, Troop 7, Richard McIntyre, Troop 7. Scouts participating ranged all the way from Tenderfoot to Eagle. Numerous slogans hung about the training quarters summarized the purposes of the Training Course, namely:

"Remember Scouting is Ongoing."
"What you are speaks so loud that I can't hear what you say."
"The Patrol that hikes is the one Scouts like."

"He who gets ten men to work is greater than he who does the work of ten men."

COURTESY IS CLOSE TO SAFETY

Selection of three drivers in Arlington for courteous operation of their motor vehicles points up a most important factor in the nationwide campaign to cut down accidents and highway fatalities.

"Courtesy Behind the Wheel" is the topic of a booklet prepared by the Registry of Motor Vehicles and distributed through the Mirak Chevrolet company locally.

It has become increasingly evident that a courteous driver is the only "good" driver on the modern highway. The ability to handle a car at high speeds, manipulate it through traffic, stop on a dime, and start off to a quick start has long since been discarded as juvenile.

Today's good driver is conscious of the other fellow at all times, obeys ALL traffic signs and speed limits, uses his directional signals to help the other fellow, and tries to expedite flow of traffic to the best interests of the majority.

These characteristics not only are earmarks of courteous drivers. They are becoming more prevalent because more of the other types of drivers have been ruled off the highways—either by the Almighty Reaper or the watchful eyes of the Registry.

If every person in Eastern Massachusetts was aware that a contest was on, and that a shiny new Chevrolet was the prize, and if each person drove their car with the contest in mind, then the accident rate would drop to a minimum, and driving a car would become more of a pleasure than it is to many people at the present time.

The combination of the Chevrolet company and the Registry in the Courteous Driving Campaign is a tremendous step in the campaign for safe driving in Massachusetts.

REV. WELLINGTON C. PEXLER

Passing of Rev. Wellington C. Pexler, for many years an active Methodist pastor, and for the past three years at the First Methodist Church in Arlington will be noted with regret by the many residents of the community who came in contact with him frequently.

A cheery individual with a fine sense of the responsibilities of his position, he was held in high regard by his associates, his congregation, and his friends in the community.

A fine Christian gentleman has gone to his just reward, and the void will be difficult to fill.

modern super-markets will be adopted by many stores in other lines. All these changes have been forced upon manufacturers and merchants by union labor leaders. And the resultant unemployment is due to prosperity — not to depression.

All these plans for saving labor were gradually building up through the Truman Administration. The labor leaders demanded higher wages; the consumers resisted higher prices; so there was only one thing for the manufacturer and merchant to do — namely, introduce automatic machinery both for producing and for selling goods. Furthermore, the nation is just starting on this new departure. To hold one's job in the future one must take a greater interest and do better work both at the bench and at the counter.

WHAT ARE THE FACTS?

The above facts are why I say that 1954 can be a fair year notwithstanding an increase in the number of unemployed. The following figures are interesting and important. At the top of the last big boom in 1928-1929, 1 percent of the population was unemployed. In 1932, at the depth of the depression, 9 percent of the population was unemployed. Today, with a population of 161,000,000 people, only 2 percent is unemployed. There will not be much unemployment when spring building gets into full swing.

WHAT IS THE SOLUTION?

Readers will say: "But there unemployed people cannot buy goods unless they have wages. And, unless more goods are bought, unemployment will continue." But Washington has a solution, which is (1) an increase in the minimum wage for those who are employed; (2) a reduction in the legal hours for a working week. This would mean reducing the 40-hour week to 35 or 37 1/2 hours.

My forecast is that there is no permanent solution of the problem. It will always be a race between the labor leaders, for higher wages or shorter hours — and the employers, for more automatic machinery. Sometimes labor will be ahead; other times the employers. Labor has been on top the past 20 years. Now the employers are having their turn. So it goes! Let us hope the employers will not overreach for at least another 20 years.

Selectmen Receive Souvenirs From Boston, Cambridge Mayors

At the Patriot's Day celebration, Chairman George A. Harris of the Board of Selectmen, was presented with scrolls commemorating the occasion.

The first was from the Mayor of Boston, John B. Hynes, suitably inscribed with the City Seal and read: "Greeting to Mr. George A. Harris, Chairman of the Board of Selectmen, Arlington and to the People of Arlington. Assisting in the Annual Commemoration of Patriot's Day, 1954."

The 175th Anniversary of the Opening Events of the War of the Revolution and the struggles for Freedom and Liberty.

"The Messengers who rode out this way that April night of 1775 carried the 'Alarm' to men and women of this community to be ready for action according to plans previously prepared. We today are honoring those sturdy Colonial Patriots who responded so effectively."

"We are observing Patriot's Day for its inspirational help as we maintain the same vigilance and service during the stern realities of the present time. This is a special heritage and duty for the citizenry of this American Republic who are, fortunately, in and of this Commonwealth and this community."

"The Minute Men of '75 went to their tasks with a firm purpose, let us in our day approach our tasks in that same spirit."

Signed John B. Hynes Mayor of Boston

The second scroll was from the Mayor of Cambridge, John J. Foley and read:

"To the Citizens of Arlington. On the eighteenth of April in 1775 the Selectmen of Cambridge presented to William Dawes, Jr., a scroll when he passed through Cambridge on his famous ride to warn Adams and Hancock and to arouse the minutemen with the warning 'The British are coming.' On this scroll Dawes brought the salutation and greetings of patriotic citizens of Menotomy, Lexington and Concord and urging the colonists to stand firm."

"Today, as Mayor of the City of Cambridge, it is my pleasant duty to present a scroll to William Dawes, Jr., on this symbolic ride in 1954. This scroll will bring the greetings and salutations from the citizens of Arlington, Lexington and Concord who have assembled in their squares and commons to join with us in commemorating this day."

John J. Foley Mayor of Cambridge. It is Chairman Harris' wish to frame and present one of the scrolls to the Town Clerk's office as a permanent record.

East Cambridge Bank Has 100th Anniversary Observance

Charles H. Sloan, president of the East Cambridge Savings Bank, reports that the bank is now observing its one hundredth anniversary.

This bank received its charter on April 29, 1854, early in the industrial development of East Cambridge. With the election of a treasurer at the first trustees' meeting, the bank was opened for business on May 20, 1854 in the banking rooms of the Lechmere Bank, a commercial bank.

An examination of the original bank ledger, in which all entries were made with pen and ink, reveals much of interest. "That bound ledger book of 100 pages, 8 inches wide and 13 1/2 inches high, although adequate at that time," says Mr. Sloan, "is a far cry from the fast, electrically-operated, multiple-posting machines of today." The number of deposits made during the first day were thirty-seven. Their value was \$223.31, with deposits ranging from six cents to fifty dollars. Many were the parents who were eager to start thrift accounts for their youngsters, opening such accounts for children as young as two years of age.

After operating in its original banking quarters for nineteen years, the East Cambridge Savings Bank purchased the estate of Anson Hooker and fitted out a banking room on the first floor of the building. In 1895, the bank acceded to the wishes of Middlesex County for that particular piece of property and moved.

It then obtained land on Cambridge street, midway between Third and Fourth streets. There a building was erected for the exclusive use of the bank.

In 1932, the bank constructed its present building which is as appealing as it is durable, with Maine granite outside and Numidian marble from Africa inside. Although this building was erected twenty-two years ago, it is timeless in the beauty and character of its architectural design and the durability of its materials.

Currently, the assets of the bank are in excess of twenty-six million dollars, with a surplus of over three million and depositors numbering nearly fifteen thousand in many parts of the world.

Curry School Has Closing Party

Closing parties were held in the Town Hall April 10 for pupils of the Curry School of Dancing. From 2:30 to 4:30 p.m. the pupils of the 6th grade from Bishop, Brackett, Locke and Farmer showed their parents and friends in the balcony what they had accomplished. They were received by Mesdames B. G. Hutchinson, Eli Reingold, M. A. Rudd and James West.

Elimination dances were won by Jean Weisenberger and David Flaherty; also Joyce DeCarpis and John McBrearty while favors and refreshments were enjoyed.

From 7:30 to 10:00 p.m. the 7th and 8th grades held their party and were received by Mrs. Myron Chace, Mrs. Walter Cooledge and Mrs. Ernest Hesselstine. Favors and elimination dances added to the pleasure and also lovely exhibition numbers by Mr. Russell Curry and his partner, Miss Dorothy Brackett as well as some demonstrations done with his mother.

A "cut-in" number with the other members of the faculty, Messrs. Harry Raymond, Walter Brown and Ron Greenwood, was an added bit of fun.

From 10:00 to 11:00 p.m. general dancing was held and the guests in the balcony had the pleasure of dancing with their off-spring, or with their young friends.

Miller Holds Music Records

"The Glenn Miller Story," Universal-International's Technicolor production, now playing at the Fresh Pond Theatre with James Stewart and June Allyson in starring roles, brings to the screen the life-story of the man responsible for many records, literal and figurative, that still stand in the world of music.

More than 16,000,000 Glenn Miller records are estimated to have been sold up to the end of 1953. In one year alone, one nickel in every three spent in a juke box went for a Glenn Miller record, indicating more than 1,000,000,000 playings. One record, "Chattanooga Choo-Choo," was played at least 100,000,000 times. This selection was the first orchestral record to pass the 1,000,000 sales mark.

Miller won more popularity polls than any other contemporary personality and in a little more than three years, did nearly 4,500 radio broadcasts.
